

Parenting the Internet Generation

Wednesday, April 25 6:30-7:20

St. Mary Church, Solon All Parents Welcome!

Matt Fradd will share why pornography is a pervasive problem today for people of all ages, especially young people. He will offer parents practical strategies to protect their children from the lies of an over-sexualized culture.

YOU NEED TO START THE CONVERSATION & MATT WILL GIVE YOU THE WORDS TO USE

Pornography addiction affects boys and girls, young and old, religious and nonreligious, straight-A students and high school dropouts. **Most children are being exposed to pornography by age 9.** The pornography industry is targeting your child; their goal is to make your child a powerless addict. Unfortunately, if you don't educate your kids about what healthy sexuality looks like, the porn industry will. And you probably won't like what they teach them.

Matt Fradd speaks with great energy and passion to over 50,000 youth and adults each year. His talk, ***Parenting the Internet Generation***, has struck the hearts and minds of many, giving parents practical strategies to protect their children and teens from the lies of an over-sexualized culture. Matt is the founder of the-PornEffect.com. His most recent book, *The Porn Myth*, is a No. 1 best-seller on Amazon. Matt lives in Georgia with his wife, Cameron, and their children.

“When it comes to pornography – we as parents have only one decision to make. Do I want my children being exposed to hard core pornography at an early age and if they already have or when they do, do I want them to continue a steady diet of that hard-core pornography until their adults.? And obviously – everyone would say no. Great, now that you made that decision, there are practical things you can do that will bless your kids
